

Group Online License Verification by subscription

The Alabama Board of Nursing offers on-line verification service for service for health care agencies. Group online verification with PUSH technology is available for membership. You can subscribe annually and once you input the license numbers of the nurses employed in your facility/agency, you will receive electronic notification at any time the license status of your nursing employees changes, including renewal. In addition, subscribing will eliminate the need to submit your annual report of employing agencies as it will be done electronically through the online verification process.

What do you need to do?

- Determine the level of service.
- Submit the registration form along with payment of the annual fee.
- Follow the directions for input of employed license numbers into the web site.

Why should I subscribe?

- Provides license verification information without phone calls or written requests.
- PUSH technology will notify you within 24-48 hours if the license status changes.
- Reduces the risk of individuals working without proper authorization from the Board of Nursing.
- Provides information to employer about the individual nurse.
- Eliminates the need for submitting annual report of employing agencies to the Board.

What are the levels of service and what is the price?

Levels	Services Provided	Subscription fee
